Newest Client Stats

These are crazy times as of me writing this piece, we hope you are staying safe and being smart!

Believe it or not, people still need insurance.

We have already been able to help over 130 new households in the first 3 months this year.

Our new clients have:

- Saved over **\$53,000** in premium compared to their prior insurance.
- Received **\$1.3 Million** in extra water back up coverage for their basement, than they would have with their prior insurance.
- Received **\$26 Million** in extra liability protection for their auto and home policies combined, in the event someone got injured etc.
- Lowered their home deductible by \$195,000 reducing their out of pocket expenses for when they have to file a home claim.

THANK YOU FOR YOUR BUSINESS AND THANK YOU FOR TAKING THE TIME TO RECOMMEND US TO YOUR FRIENDS, FAMILY AND CO- WORKERS.

I truly hope you have stayed safe and are staying safe during this Covid-19 scare!

- Scott

Our commitment to you:

1. Respond to all communication in a timely manner
2. Always be accountable
3. Represent the most competitive and financially stable insurance companies
4. Keep you informed and educated through periodic emails/direct mail
5. www.askwenc.com is available 24/7 for claim reporting and payment options

Evans Scholar

The Evans Scholar Foundation provides full tuition and housing college scholarships to golf caddies. The foundation has helped more than 11,050 caddies graduate from college since its founding in 1930.

Each recipient must meet strict grade requirements, have financial need whereas they might not otherwise be able to attend college and also caddie a certain number of rounds to even qualify.

Over 150 of our clients have a personal connection to this great cause.

Hail Damage to Your Roof

Your home deductible would apply and then your insurance company would cover the rest.

We highly recommend getting a written estimate first before filing a claim.

It will make sure you **ACTUALLY** do have damage and it is over your deductible.

We recommend you use a company you know and trust. If you don't have one already, we highly recommend Heldman Exteriors.

They can give you an estimate and from there we can help determine if worth filing a claim or not. Their # is 317-345-5131, be sure to ask for Nick and let them know you are a client of ours.

Let us know if we can be of any more help!
